WELCOME TO FREEDOM FESTIVAL 2025

It's my absolute pleasure to welcome you to Freedom Festival 2025 - a celebration of creativity, community, and the power of free expression, right here in the beating heart of Hull. After spending many years visiting the festival as an audience member, I'm delighted to work alongside the Freedom Festival Arts Trust team to curate the 2025 programme.

Each year, Freedom Festival transforms the city into a stage for bold ideas, moving stories, and unforgettable experiences. This year is no different, over the festival weekend, you'll encounter world-class street theatre, music, dance, circus, installations and moments of pure magic - all designed to provoke, inspire and connect.

This festival was born out of Hull's legacy of pioneer William Wilberforce and continues to celebrate that passion for freedom that exists across the City's heritage including icons such as Amy Johnson, Mary Murdoch and the Head Scarf revolutionaries to bring to the streets of Hull a spirit of change and creativity.

In 2025, as the world continues to grapple with division, conflict, and rapid change, our shared spaces and stories matter more than ever. It's integral that public spaces continue to be safe for all, welcoming and most importantly reflective of the communities that make up our place.

During this festival, we hope that we can achieve and amplify that message, keeping the Freedom Festival characteristics of open, accessible and free whilst bringing to the table creativity that redefines spaces and brings a sense of unity, pride and joy to the City.

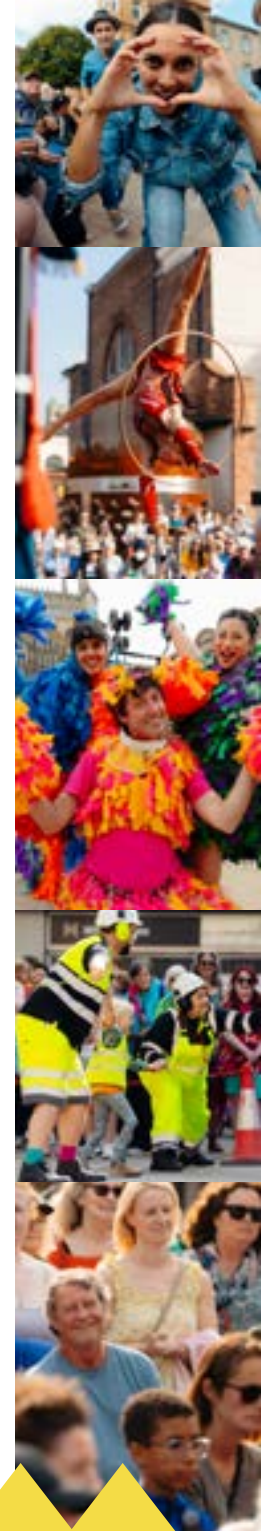

In this year's festival curation, we have listened to your feedback, and hopefully you will see first-hand the changes we have made to try to make your experience more enjoyable. Including introducing three distinct zones across the city to help you make the most of the festival. Zone 1 from Ferensway to Queen Vic Square, Zone 2, connecting Princes Dock Street right through to Hull Minster and zone 3 over the bridge from Humber Street to Stage@The Dock. Hopefully giving you the chance to experience as much as possible as easily as possible. Alongside this we have a few new creative elements for you to explore including freedom films and a music trail.

So whether this is your first Freedom Festival or you've been with us from the start, thank you for being part of it. Wander with curiosity. Celebrate with joy. And above all - stay open to the freedom that comes from truly connecting with one another.

Thank you for the privilege of being the custodian of this incredible festival. I hope you have a great time!

THE GENESIS

Copenhagen Collective

Experience the captivating journey of The Genesis, a one hour contemporary circus by the Copenhagen Collective that explores human connection, resilience and unity. Seventeen world-class artists craft vivid visual poetry through intricate group formations and feats that push the limits of movement and emotion. With powerful female bases and soaring male flyers, The Genesis celebrates diversity in physicality, heritage and artistic expression.

The atmosphere comes alive through lighting that captures the grandeur of a cathedral and the vibrant rhythm of nightlife, surrounding the performers in a rich, intimate glow. An original soundscape blends classical strings and piano with the raw emotion of acoustic sounds and voices. Witness a fusion of global artistry as seventeen acrobats from across nations and cultures redefine contemporary circus. Forged in distinct traditions and mastering a wide range of techniques, they combine styles from South America, Europe, Canada and Australia to deliver an unforgettable acrobatic experience.

THE TORCH

Kobby Taylor

The Torch is a 60-minute surge of gig-theatre in which Producer-Actor Kobby Taylor unpacks his relationship with his grandfather, Afrobeat legend Ebo Taylor.

Kobby's verses weave through exclusive, remixes of Ebo classics, with live synths from Vivek Santosh—fresh from sharing stages with multi-Grammy-winning composer Michael League, the creative engine behind Snarky Puppy—while harpist Stephanie Halsy flips shimmering strings into modern afro beat sounds. Each scene is a track: dialogue slips into 16-bar couplets, harp harmonics collide with prophet and Moog synths.

SCAN ME

hulltruck.co.uk/whats-on/music

Kobby proved the power of rap-drama fusion as co-composer and performer in the multi-award-winning The Canary and The Crow; here, teamed with Santosh's boundary-pushing sound design and Halsy's genre-defying technique, he drives the form further by letting the music carry the narrative moment-to-moment. The result is part mixtape, part confessional, all performed live with the spontaneity of an improvising band. The Torch was developed with funding from Hull Jazz Festival and premiered to a sold-out house at Hull Truck Theatre, who partner with us on this year's Freedom Festival.

NIGHT OF THE WEREWOLVES

Silent Upoar

The Night of the Werewolves Live is an interactive comedy horror game show where audiences will have to work out, accuse, and “brutally murder” fellow audience members to determine who among them is a werewolf... hopefully.

Based on the cult-classic games Werewolves and the TV show The Traitors, this show is filled with all the classic elements of a great night out: betrayal, mob rule, and macabre murders.

How it works: All audience members will be given a role: villagers try to find and stop the werewolves; werewolves pretend to be innocent and then secretly devour the villagers at night.

18+ Shows are slightly naughtier and not suitable for those under 18. Family Friendly shows are appropriate for little monsters aged 10 and above. Adult ticket includes a vegan meal from our festival catering - bring your own drinks.

Tickets 18+ £20 (inc.meal)
Family show £10
